

# ALL STAFF AND VISITORS

## Help us prevent the spread of infections

**Please stay home if you are sick – experiencing cough, fever/chills, sore throat, shortness of breath, vomiting, or diarrhea.**

\*If you are a designated visitor with symptoms, wear a mask and follow the guidance of the care team.

---

**Clean your hands before and after visiting.**

Use hand sanitizer or soap and water.

---

**Wear a medical mask when asked.**

You may be instructed to wear a medical mask. Medical masks will be provided.
