

Use PPE based on risk assessment

Feeding a patient

No gloves required

Pushing a wheelchair

No gloves required

Helping patient use the bathroom

Gloves

Dressing a small wound

Gloves

Patient has a fever and is coughing

Gloves

(consider) Gown

Mask

Eye protection

Intubating a patient

For routine practices, ask yourself:

- Is there a risk of splashing?
- Is there a risk of droplets spraying into my face?
- Will my clothing get soiled?
- Is there a risk of contact with blood or bodily fluids?

Always clean your hands before **and** after glove use.
